NETWORKING

Design the future. Build the future. Deliver the future.
From the home page or the top navigation bar you can access the Attendee list.

Here you can search and find people to connect with. You can chat, have video calls, and book meetings. You can meet virtually or face-to-face.

If you **see time slots** appearing on people’s profiles, it means that you can book meetings with them. Slots disappear once booked.

You can manage your availability for meetings by going to the My meetings tab in My Event. Making yourself unavailable all day or at specific times will remove meeting slots.
How to send a connection request

To send a connection request, go to their profile (via the list of participants, speakers or a company profile) and click the “Send connection request” button.

Tip: Add a note to your connection request to introduce yourself and explain the reason for your request.

You will be able to find a full list of your connections in “My Event” under “My Networking.”

Note: Accepting a meeting will automatically make the person who requested the meeting one of your connections with access to your complete profile.
How to request a meeting

1. Access a person’s profile (i.e. from the Attendees button)
2. Click on one of the suggested meeting slots. For more slots click “see more slots”
3. After selecting a slot and choosing a location for the meeting, write a note to the person you would like to meet.
4. Once done, click “Send meeting request”

Note: If you plan to meet virtually, select Online or Virtual Meeting when choosing the location, then use the video call function.
How to have a virtual meeting?

5 minutes before a virtual meeting and 15 minutes before a face-to-face meeting you will receive a reminder email from which you can click to access the meeting.

If you are already on the platform you can start the meeting by going to the profile of the person you have a meeting with, and click the “Meeting call” button.

This will launch the video call. This button is only available if the meeting is confirmed.

Note: You can also access a meeting directly from the meeting notification.
